

Miracle

An act or event that stretches beyond what is understood by science and nature. It is something un-explainable!

Can you use the capital and underlined letters to spell what Jesus thought people should be filled with?

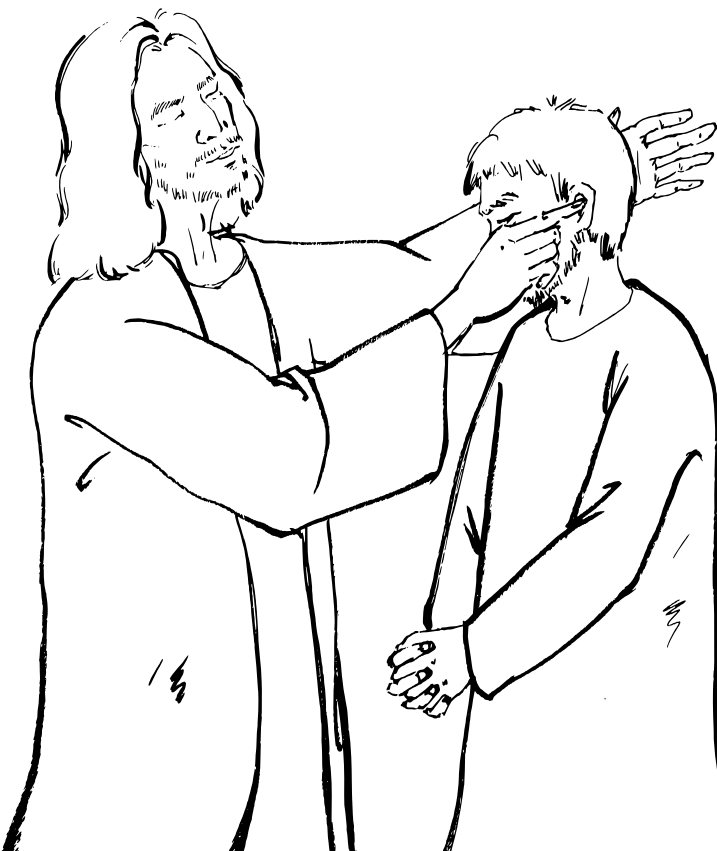

In today's Gospel we hear the story of Jesus going to Nazareth where he grew up!

The people oE the town of Nazareth were surprised that the same Jesus that they knew was the same Jesus who was able to perform mirAcles!

While Jesus was In Nazareth he laid his hands on sick people and healed them!

While this was very amazing the people of NazareIh were disappointed and wanted to see him do MORE.

Jesus was shocked that tHe people of Nazareth were not filled with more

I WONDER...

I wonder if the people of Nazareth were jealous of Jesus' power to heal.

Has there ever been a time you were jealous of something?

Maybe someone had a new toy that you wished you had?
